Advisory Group Members
California Indian Heritage Center Project

Advisory Group Workshop #3 – The Developing Vision
California Indian Heritage Center Project

Thank you for your guidance in developing a vision for the new California Indian Heritage Center. We have scheduled the next Advisory Group workshop December 6th and 7th, 2006

The enclosed draft documents, or "Circle Diagrams" are forwarded for your review and will be presented at the Workshop for further discussion. A list of questions regarding the fundamental relationship of this center to the land is also forwarded in order to give you time to prepare for next step of the process, the Architectural Program.

As before, the workshop will be held at the Hawthorn Suites, in Sacramento, and we will reimburse you for your travel expenses. You will need to call Hawthorne Suites directly (916) 441-1200 to reserve your room no later than November 29th. Let them know you are with the CIHC meeting. Sarah Fonseca, project assistant, will be making your travel arrangements and processing your travel claims. Please feel free to contact Sarah directly at (916) 445-8885 or via email at sfonseca@parks.ca.gov.

We acknowledge your commitment to the California Indian Heritage Center and thank you in advance for your time. We look forward to seeing you at the workshop in December.

Best Regards,

Maria Baranowski

December 6 and 7, 2006

Architectural Program Questions

At the next Advisory Group meeting, we hope to move from the Circle Diagrams to the Architectural Program, or ***user and spatial relationship diagrams***. For the next step of the process, the question of what kind of space, and how much space is needed will be asked. At this Advisory Group meeting, you will also be asked about the relationship of spaces to the larger context.

There is a fundamental discussion that is needed regarding the circle of communities, whether they are represented in the four directions and their interrelationship with the land. Below is a list of questions developed to form this understanding.

1. Do you identify yourself through community relationships or through territorial boundaries? How do you define your boundary crossover of your region?
2. What communities in your area come together for ceremonies? Do you celebrate your Big Time with other tribes?
3. What landmark do you identify as your spiritual grounding? What is the traditional direction of entry in your community?
4. What in nature would you use to define your community?
5. Do you want to share your traditions or spiritual beliefs? What do you want to share?
6. Do you want to share your ceremonies or celebrations?
7. What do you identify as your cultural treasures? Do you identify anything with restricted use?
8. In what type of environment would you like to place your cultural treasures? What kind of separation do you need for cultural treasures?
9. What Advisory Groups do you feel should be combined, separated, or created?
